

MARBLE'S VOYAGE

In this game, you will form a word as a marble ricochets against the letter-lined walls of a maze.

Specifications:

Throw a marble at **start** down the maze. Upon hitting a letter,

- ① add that letter to an accumulating word
- ② Redirect the ball depending on where it is.

This game is composed entirely of two building blocks: **Corridors** and **Corners**. Each is shown below, and the darkened squares indicate valid next squares.

Note the following ball mechanics lightly follow physics.

(a) **Corridor**

(b) **Corner**

Case 1 (coming from right wall)

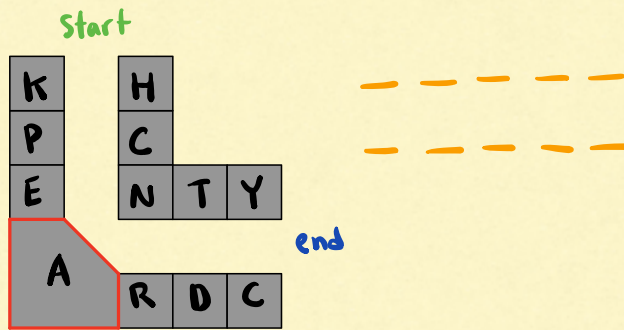

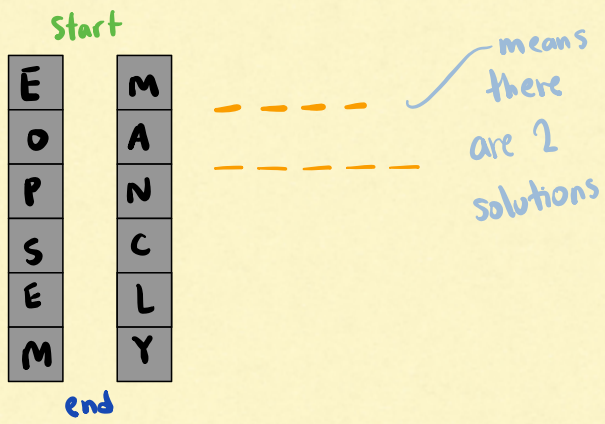

Case 2 (coming from left wall)

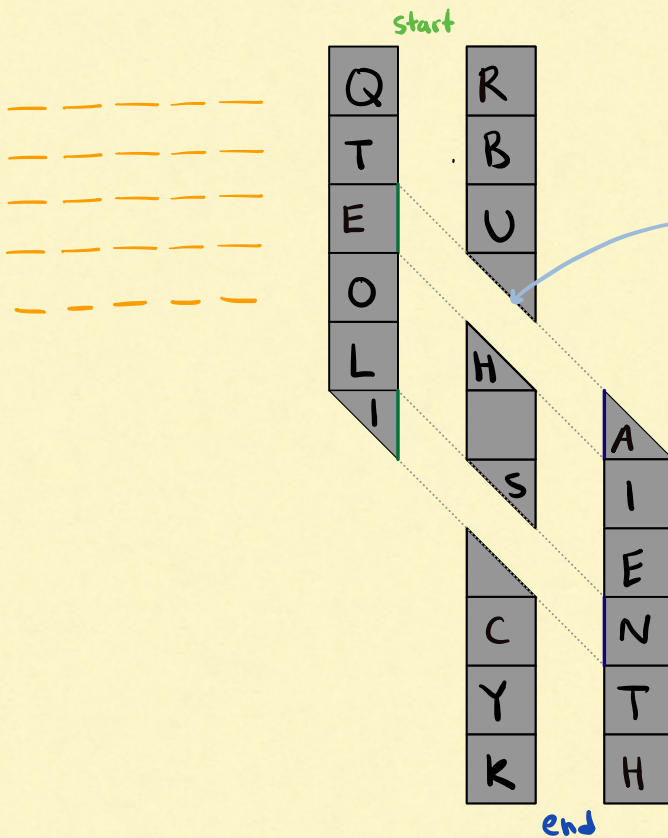

↳ note the **corner** piece must be hit to traverse a corner, and it must hit a subsequent wall piece.

Upon hitting the **end**, the run is complete, and your **word** is formed
